Special Bridal Alterations and Repairs

Our bridal department also does alterations, redesign and repairs for wedding dresses that were not made or purchased from House Of Fennel bridal.

- Cost starts at: £85 GBP / \$100 USD / \$15,900JMD and upwards;
-

Each Bridal option starts with a **Consultation Session**, to get to understand if we are a good fit to enhance your nuptial attire and entice gown experience. The **Design Style** details will be discussed along with material and colour choices. Once those details are confirmed an invoice will be prepared for your deposit payment. **Measurements** will then be taken and further discussions. Once the deposit is reflected in the House Of Fennel account, the **Construction of your Bridal attire** will commence. There may be up to three **Fitting Sessions** to fine tune the details and fit. Once your bridal attire/s is/are completed, it/they will be packaged for pickup. Overseas clients will be billed for shipping at £68 GBP / \$80 USD / \$12,900JMD.

The tracked shipping options are:

- 3 - 7 working days for Priority Express.
- 10 - 28 working days for standard shipping around the world.

*Shipping times are dependent on the courier and may vary from time to time.

FAQ

Custom Bridal Gown Cost

What is the average price for a custom wedding dress?

Most clients on average invest £2,500 - £5,500 in their couture bridal gowns. For more intricate and heavily beaded or embroidered bespoke wedding dress designs, clients on average invest £5,500 – £9,500+.
